Notes:

1. All services noted as (via remote) REQUIRE Fast Access Internet Connection and remote access software (POS Online Support II) installed on all of the Point of Sales and server computers at each location.
2. Any of the above services noted as (via remote) can be done at our location if we have your computer. Some limitations apply.

* Remote Merge REQUIRES the purchase of Remote Merge Setup and Support and Fast Access Internet Connection

‡ X-Charge REQUIRES that you use X-Charge (Global Payments) Processing Service.

† Duplication service ONLY applies to IDENTICAL data of the same Type (e.g. Convenience store to Convenience store not Convenience store to Liquor store)

[¥] ALL Online and remote merge services require Fast Access Internet Connection.
